“Yeah! We get to have a good dinner tonight!”

A mom recently came into our evening food pantry with her children, searching desperately for food assistance. She said she was not able to afford to go grocery shopping for over a month, even though she and her husband are both working, their hours have been cut back due to COVID-19. We were her last hope before she would simply give up her job and “go into the system” just to have food for her children to eat. We lovingly told her we would feed her family and she began the process of shopping through the aisles of our food pantry. With tears in her eyes she said, “you have no idea how much this means!” Then her 8 year old son said, “Yeah! We get to have a good dinner tonight!”

This is a real story with real people right here in our community. Thank you for answering God’s call in your heart to bless those in need.

Let them give thanks to the Lord for His unfailing love and His wonderful deeds for mankind, for He satisfies the thirsty and fills the hungry with good things.
