Wonderful to be back!

It’s so wonderful to see our students back in our classrooms for CPR Training for our Nurse Aide Program! With COVID, we have been doing most of our program work by phone calls or computer. These students are working on obtaining their CPR certification to be able to move on to the next stage of their training. It’s so exciting to see lives being transformed. Thank you for being a special part of their lives!

We recently had a guest who came to us for help making ends meet. His current minimum wage job was not providing enough income to support his family. As we provided him with food, we share with him our workforce development programs. As he paged through the many options, he stopped at the CDL (Commercial Driver’s License) Class A Truck Driving Program. “I always wanted to be a truck driver!” he exclaimed. “But I didn’t think it was possible.” As we know, *All things are possible with God!* He enthusiastically started the prerequisites needed for our program and is anxious to begin class in November and will be one step closer to earning his CDL license. Your support makes moments and programs like these possible—thank you!
We are getting ready for the holiday season at New Hope!

Before you know it, the holidays will be upon us and we will celebrate our annual Christmas Blessing Express gift program.
